

A TRUE WINTER WARRIOR

kubota.ca |    

The M6 Series tractor line offers premium features in a deluxe mid-range utility tractor package. Designed with hay, cattle and ranchers in mind, the M6 tractors are packed full of power, comfort and the versatility to take on any task. Available in four models – ranging from 97 to 133 net engine horsepower – the M6 Series has the tractor to fit your application needs.
